More important Information about volunteering:

- Volunteer applications are valid for two years only. Renewing volunteers must fill it out again.
- An applicant may be denied due to prior criminal offenses or other reasons. The district's first priority is student safety and we carefully consider the nature of the offense before making a decision. In this situation, the applicant will be notified by email or mail of the decision with an explanation of the decision and a copy of Washington State Patrol Criminal History report. Applicants with driving convictions that are reported on the Washington State Patrol Criminal History Report may still be approved as a volunteer without driving privileges depending on the nature of the offense.
- Volunteers who wish to transport students on field trips must fill out a Use of Private Vehicle form in addition to this volunteer packet. You may get this from the school office or on our website.
- Athletic Volunteers are required to fill out the Athletic Volunteer Application (instead of this application) and obtain permission from the head coach prior to volunteering.
- While volunteering, you are provided with the same liability coverage as district employees (with the exception of PTA/PTSAs, booster clubs and other organizations outside of district control). This liability coverage does not provide medical benefits in the event of accidental injury, so you are encouraged to maintain your own health or accident insurance.

Volunteer Expectations & Guidelines - Keep for your records

These pages outline the expectations and guidelines that volunteers must follow to create safe and successful experiences for students, staff and volunteers. All volunteering relationships established through North Kitsap School District must take place with students on the school campus during school hours or at other authorized school activities only.

You Are Part of an Education Team

Volunteers who are committed to helping students be successful are important members of the school team. These individuals are essential to bringing the outside world to the school. Students need contact with individuals who can share experiences and bring other perspectives into the classroom. They need adults who can guide them through the learning process.

Goals:

- Enrich the curriculum
- Enrich student's learning opportunities
- Provide help for individual students
- Provide opportunities for meaningful service
- Relieve teachers of some non-instructional tasks
- Establish a school and community partnership for quality education
- Enhance all aspects of the educational process

Working closely with the classroom teacher and school staff includes:

- Following the direction of a school staff member
- Accepting direction and suggestions from teachers
- Respecting the privacy of teachers and students by not discussing school matters away from the classroom
- Understanding that evaluation of a student's learning can only be done by the teacher
- Committing to working in a classroom to support and improve education for all students
- Seeking help from the teacher when you need additional information or instruction
- Sharing ideas and constructive comments with the teacher
- Acknowledging that teachers are responsible for discipline in the classroom

Enjoy working with students by:

- Finding ways to establish a good rapport with students
- Providing help and assistance without doing the work for students
- Showing a genuine interest in each student
- Accepting each student and encouraging the best from him or her
- Using patience and kindness

Sometimes a volunteer placement may not be a fit for the volunteer, the teacher or the school. If your volunteer placement does not work for you, the teacher or the school for whatever reason, your volunteer assignment may be ended, modified or changed to a new assignment. You may request a different placement if you wish to continue volunteering.

Volunteers are expected to:

- Review each of the policies and procedures referred to in this packet in detail prior to volunteering on the district website at: www.nkschools.org, clicking on “Our District” and then on “Policies”.
- Sign in and wear an ID badge on school grounds at all time
- Wear appropriate attire in accordance with school policy
- Show respect for all staff and students
- Share concerns regarding students with the school staff only

If you cannot make your scheduled volunteer time, please call the school so the teacher and students will know you will not be there. Please do not bring younger children to the school during your volunteer hours. You will also be asked to turn off your cell phone ringer while you are volunteering in the classroom and are discouraged from making personal calls (unless there is an emergency) while on the school campus.

Ground Rules for School District Facilities

- No smoking or tobacco allowed, including on athletic fields and in district vehicles
- No weapons allowed
- No drugs or alcohol allowed
- Do not use school equipment for personal purposes

Maintain Student Confidentiality

Volunteers are expected and required to keep all ‘student information’ that they obtain while working as a volunteer for the district confidential. In fact, Federal Law strictly prohibits school districts and district volunteers from releasing any student information without parent/guardian permission. Student information includes all academic, medical and personal information. Disclosure of student information by a volunteer is a violation of the Family Educational Rights and Privacy Act of 1974 (FERPA) and may subject the volunteer and the district to civil liability. It is very important that you keep information about students confidential. It is important that you do not discuss students or their progress with others -even their parents. Do not make references to student’s abilities in front of other students. The only person who should be told about a student’s work is their teacher. If parents ask about their student’s progress, suggest in a friendly way that they contact the teacher.

Harassment at School

The North Kitsap School District Harassment Policy calls for a commitment to an educational environment that is free from all types of discrimination and harassment, including sexual harassment, bullying and intimidation. Volunteers are expected and required to respect and uphold North Kitsap School District Policy 5011(Sexual Harassment) and Policy 3207 (Prohibition of Harassment, Intimidation and Bullying).

Maintaining Professional Staff/Student Boundaries

The North Kitsap School District Maintaining Professional Staff/Student Boundaries Policy 5253 calls for volunteers to maintain the highest professional, moral and ethical standards in their interaction with students.

Safe Interaction with Students

The school board expects that the entire staff (including volunteers) shall strive to set the kind of example for students that will serve them well in their own conduct and behavior and contribute toward a school atmosphere that is friendly but has a degree of formality.

General Guidelines for Safe Interaction with Students:

All interactions with students should be professional and focused on teaching and learning.

Do not:

- Take a student or students on private outings
- Initiate social activities with students
- Have a prolonged verbal exchange with students if you have an impromptu encounter at a public place
- Provide childcare for students
- Ask a student to babysit for your family
- Engage in Social Networking with students via Facebook, MySpace, Twitter or any other social networking website to initiate or maintain relationship(s) with any student that is not consistent with appropriate professional behavior and/or boundaries
- Take photos or videos of students and post them on social networking or personal websites.

Communication

Do not say or write things to a student that you would be uncomfortable sharing with the student's parents, your administrator or supervisor

Do not:

- Make any comments that are based on gender or could be construed as sexist
- Make any comments and/or innuendos that are sexual in nature or could be construed as sexual
- Make jokes that belittle or diminish another person
- Give students compliments that focus on physical attributes
- Initiate conversations or correspondence of a private and/or personal nature with students

Working Alone with Students at School

- Volunteering will always be under the direct supervision of a staff member. Unsupervised access is not allowed unless the volunteer is an athletic volunteer who has passed an FBI Criminal History Background Check. Volunteers under the age of 19 are only allowed supervised access to students.

Gifts

In general, giving gifts to students is not encouraged. If gifts are provided, they should be:

- Of nominal value
- Identical for all students in the class

Physical Contact with Students

It is the District's expectation that all physical contact between volunteers and students must be professional and appropriate.

Report Suspected Abuse or Neglect

As a volunteer, you are in a unique position to observe students. If you suspect that a student may be the victim of abuse or neglect, report it immediately to the principal, school counselor or another school district employee.
