First and foremost, I'm a Mom and have the honor being a community member of this beautiful place we all call home. I have served my entire 21 years of employment as a government servant to citizens. I've served as the Swinomish Governmental Affairs Director for the past 16 years and for six years I served as Chair of an Alaska Native Village Corporation.

As a Democratic Woman of Color, I hold true to our way of embracing all and building coalitions to make it all happen. We as citizens gather and lead with strength and a fierce drive that holds us together across this great State and Nation.

Following Ms Lekanov's keynote presentation, Native American graduating seniors will be honored by their family and friends.

Refreshments will be provided by The Point Casino
